Project Titan[Budget System] Communication

NOTE:- You are receiving this email as you registered for / attended the new budget system training session.

As promised earlier – our Training / play environment for the new budget system is now available for campus community to use and get familiarized with. Please find attached the detailed information on how to access the system. This also includes information on an initial setup you <u>WILL</u> have to perform before you start using the system.

URL to the system:- http://www.msp.ubc.ca

Few Points to Remember

- You MUST perform the initial setup – details attached

- We are using CWL authentication

- If outside campus you need to connected to VPN to access this application

- This system is the same environment we use for training

- There might be occasional downtime required for maintenance

- If you never had BUDGET/FMS/HRMS access please contact the project team @ budget@finance.ubc.ca with your CWL ID information
